

### Sample Script

Hi, friend! I have an incredible opportunity for you to make positive change here in Fremont County School District #1. Mara Gans, Daniel McLane, and Buck Tilton represent students, families, and educators. They are reasonable individuals with many years of experience in the classroom who are running for school board. We would love to have your support through donations, spreading the word, and most importantly voting for them this election.

I support these candidates because:

- ☐ responsible
- ☐ reasonable
- ☐ Build a school system for all students
- ☐ Committed to student safety and success
- ☐ Incorporate parent concerns and rights into policy considerations
- ☐ Open minded
- ☐ Represent everyone
- ☐ Do not support mandatory drug testing for middle and high schoolers

IF anyone asks (but do NOT bring it up), Scott Jensen and Taylor Jacobs voted in favor of the following policies:

- ☐ Mandatory drug testing
- ☐ Removing masks during covid
- ☐ Removing protected class language from policy
- ☐ Proposed policies that would protect bullying of students (transgender specifically)
- ☐ Preventing student-led organizations at the middle school
- ☐ Jensen voted for concealed carry but Jacobs has confirmed she supports it
- ☐ Jensen currently supports a proposed transgender policy that targets transgender students and protects bullies. Jacobs has been unclear on her stance, though appears to lean toward supporting it.
- ☐ Jensen has stated that children do not have many rights in school

If folks invite you in:

"I would love to talk more, but I've promised to get to a lot of other homes today, but candidate contact information is on this card and they'd love to hear from you."
